_____

GE Foundation Scholar-Leaders Program in Romania

On behalf of the GE Foundation, the Institute of International Education has conducted this competition at five selected Romanian universities (Alexandru Ioan Cuza University of Iasi, Babes-Bolyai University, Politehnica University of Timisoara, University Politehnica of Bucharest, Romanian-American University) to identify accomplished second-year students in the fields of economics, management, engineering and technology. This scholarship is designed to assist these students develop their human capacity and leadership potential. Students will receive a total of € 3,000, the opportunity to participate in a work shadowing day, community service, and a regional Leadership Development Program with fellow Scholar-Leaders from the Czech Republic, Hungary, and Poland, to start building their regional network of future leaders.
